## Lake Iseo

### Festival dei Laghi June 1-3

Celebrating the Italian Lakes, this festival is a three-day celebration of outdoor culture: food, art, crafts, music, sport and literature. There are food-tasting events, pop-up street cafes and workshops, as well as art exhibitions, concerts, conferences and writers' talks. A large variety of live performances and sporting activities, from rowing to sailing, take place in and around the lake, allowing revellers to try an activity never done before.
